AMERICAN SHOWMANSHIP: The mass formation in the upper picture is led by Northrop A.17.A attack machines, followed by Douglas B.18s, which may be regarded as the bomber derivative of the commercial D.C.2; Boeing YB-17 four-engined bombers bring up the rear. The machines in the line-up below are also YB-17s. Both pictures are from the M.G.-M. film *Test Pilot*, which has its première at the Empire Theatre, London, tomorrow (Friday).
